Dear Harold — 10/14/71

This letter from Belin ends my exchange with him, for the present at least. He is an obscene broken-record & I'm glad HR Kelley told him off.

Your PM III MS. arrived but I simply have not had time even to look at it. I am loaded over my head at the UN and have been having asthma episodes which simply exhaust me. I feel very guilty, after the trouble you took in sending the MS., to have done nothing yet. I'll hope for time to open up, please bear with me. Best, Sylvia
